ACE Vegetation Service Internships 2026 New Application

Description

We are seeking a proactive and motivated Vegetation Management Intern to join our team. This internship offers hands-on experience in the field of vegetation management, providing exposure to various aspects of our operations and the opportunity to work closely with experienced professionals.

Responsibilities

- Assist field teams in conducting vegetation surveys and assessments near utility rights-of-way.
- Learn and apply proper techniques for vegetation control, including pruning, trimming, and herbicide application under supervision.
- Support the development and implementation of vegetation management plans.
- Collaborate with team members to ensure compliance with safety and environmental regulations.
- Participate in data collection, analysis, and reporting related to vegetation management activities.
- Engage in training sessions to learn about industry best practices and new technologies.

Qualifications

- Pursuing a degree in Forestry, Environmental Science, Agriculture, or a related field.
- Strong interest in vegetation management, environmental conservation, or sustainable practices.
- Excellent communication and teamwork skills.
- Ability to work outdoors in various weather conditions and terrain.
- Eagerness to learn and contribute to a dynamic work environment.

Job Benefits

- Valuable hands-on experience in the vegetation management industry.
- Mentorship and guidance from seasoned professionals.
- Exposure to cutting-edge technologies and practices in the field.
- Networking opportunities within the industry.
- Potential for career advancement within ACE Vegetation Service based on performance and future job openings.

Contacts

1. Prepare Your Application Materials:

- Update your resume to highlight relevant education, skills, and experiences related to vegetation management, forestry, environmental science, or related fields.
- Craft a tailored cover letter expressing your interest in the internship,
