## Moderna Therapeutics Internships 2026 New Application

### Description

We are seeking highly motivated and talented individuals to join our dynamic team through the Moderna Therapeutics Internship Program. As an intern, you will have the unique opportunity to gain hands-on experience and contribute to cutting-edge projects in various departments across our organization. This internship is designed to provide valuable insights, mentorship, and exposure to the innovative world of mRNA technology and biopharmaceutical development.

### Responsibilities

- Collaborate with cross-functional teams to support ongoing research and development initiatives.
- Assist in laboratory experiments, data collection, analysis, and interpretation under the guidance of experienced scientists and researchers.
- Contribute to project-specific tasks, including literature reviews, experimental design, and documentation.
- Participate in team meetings, seminars, and workshops to expand knowledge in the field of mRNA therapeutics and related disciplines.
- Engage in innovative thinking and problem-solving to address scientific challenges and contribute novel ideas to ongoing projects.
- Adhere to laboratory safety protocols and maintain a clean and organized work environment.

### Qualifications

- Currently enrolled in a Bachelor's, Master's, or Ph.D. program in a relevant scientific discipline (biology, biochemistry, molecular biology, etc.) or related fields.
- Strong academic background with coursework in genetics, cell biology, bioinformatics, or similar subjects.
- Passionate about biotechnology, drug discovery, and the potential of mRNA therapeutics.
- Excellent communication skills and the ability to work effectively in a team-based environment.
- Demonstrated laboratory experience through coursework, research projects, or previous internships (preferred but not required).
- Adaptable, proactive, and eager to learn with a strong commitment to making a meaningful contribution to the field of biotechnology.

### Job Benefits

- **Learning and Development Opportunities:** Access to cutting-edge technology, mentorship from industry experts, and participation in seminars, workshops, and training sessions to enhance skills and knowledge in the field of mRNA therapeutics.
- **Hands-On Experience:** Engagement in real-world projects, laboratory experiments, and research activities that contribute to the development of

groundbreaking medicines and vaccines.

- **Networking Opportunities:** Interaction with diverse teams of scientists, researchers, and professionals, fostering valuable connections within the biotechnology industry.
- **Professional Guidance:** Regular feedback and guidance from supervisors and mentors to support personal and professional growth.
- **Competitive Compensation:** Interns may receive competitive stipends or compensation packages for their contributions during the internship period.
- **Flexible Work Environment:** Opportunities for flexible work hours, remote work (if applicable), and a supportive work culture that values work-life balance.
- **Career Development:** Exposure to various facets of the biopharmaceutical industry, potentially leading to future career opportunities within Moderna Therapeutics or other related fields.
- **Health and Wellness:** Access to wellness programs, health resources, and facilities provided to employees, promoting physical and mental well-being.
- **Community Engagement:** Opportunities to participate in corporate social responsibility initiatives or community outreach programs organized by Moderna Therapeutics.
- **Potential for Full-Time Employment:** Exceptional interns may be considered for full-time positions within the company upon completion of their internship, based on performance and available opportunities.

## Contacts

Interested candidates should submit their resume/CV, a cover letter outlining their interest in mRNA therapeutics and the specific internship role, and any relevant academic transcripts or references. Qualified applicants will be contacted for further evaluation and interviews.

At Moderna Therapeutics, we are dedicated to fostering an inclusive and diverse workplace that encourages innovation and collaboration. Join us in our mission to transform the future of medicine and contribute to the development of life-changing therapies through the Moderna Therapeutics Internship Program.
