Optiver Internships 2023 / 2026 New Application

Description

Optiver's Internship Program offers an exciting opportunity for motivated individuals to learn from industry experts and contribute to our cutting-edge trading strategies. As an Optiver intern, you will be exposed to various aspects of proprietary trading and gain insights into the financial markets. Our internships are highly competitive and designed to provide a comprehensive understanding of the trading industry while developing your skills and knowledge.

Responsibilities

- Collaborate with experienced traders, developers, and researchers to understand the dynamics of financial markets.
- Gain hands-on experience by participating in real trading activities and contributing to trading strategies.
- Conduct data analysis and research to identify trading opportunities and enhance existing strategies.
- Learn and apply quantitative and algorithmic trading techniques.
- Work closely with technology teams to develop trading tools and platforms.
- Participate in various projects and gain exposure to different trading instruments and asset classes.

Qualifications

- Currently enrolled in an undergraduate or graduate program, or recently graduated with a degree in a quantitative field such as mathematics, statistics, computer science, engineering, finance, or related disciplines.
- Strong analytical and problem-solving skills.
- Interest in financial markets and trading.
- Proficiency in programming languages (e.g., Python, C++, Java) is a plus.
- Excellent communication and teamwork skills.
- Ability to work in a fast-paced, high-pressure environment.

Job Benefits

- Competitive compensation.
- Comprehensive training and mentorship from industry experts.
- Exposure to cutting-edge technology and trading strategies.
- Opportunities for career advancement and full-time positions.
- A collaborative and inclusive work environment.
- A chance to be part of a dynamic, innovative, and successful trading firm.

Contacts

To apply for an Optiver Internship, please submit your resume, a cover letter outlining your interest in the program, and any relevant coursework or projects. Successful candidates will be invited for interviews and assessment tests.
